SUMMARY

Undergraduate IT student with strong technical skills in web development, programming, and cloud technologies. Experienced in data processing with a proven track record of leadership in academic organizations. Aspiring DevOps Engineer with practical project experience in full-stack development and proficiency in multiple programming languages and frameworks.

TECHNICAL SKILLS

Frameworks & Libraries

- JavaScript
- TypeScript
- C
- Java
- Python

Version Control

- GIT

Programming Languages

- React
- React Native

Cloud Technologies

- AWS
- Azure
- Firebase
- Docker

Other Tools

- Adobe Photoshop
- Adobe AfterEffects
- Adobe Illustrator
- Blender

PROFESSIONAL EXPERIENCE

Data Processor - Waquis Pvt Ltd, Kohuwala

July 2020 – April 2025

- Identifying and resolving data entry errors, providing accurate and improved data for customers.

EDUCATION

Bachelor of Information and Communication Technology (BICT)

Rajarata University of Sri Lanka

2022 – Expected 2027

Nalanda College – Colombo 10

2010 - 2019

Asoka College – Colombo 10

2006 - 2010

PROJECTS

Extru Typemaster – Real-Time Multiplayer Typing Game

- Built a real-time multiplayer typing game using React, ExpressJS, and Socket.io.
- Deployed the application on Azure Cloud Services VPS, attracting over 500 participants during the Extru 2025 exhibition.
- Designed an intuitive UI and implemented features like leaderboards and live status of games.

Library Management System

- Developed a functional library management system using PHP and MySQL for a first-year university project.

Firebase Mini-Gaming Site

- Built a mini gaming website featuring classics like Snake and Tetris.
- Utilized React for the frontend and Firebase for the backend services.
- Implemented real-time data synchronization and user authentication.

Student Materials Website

- Designed a UI-focused platform for university students to access study materials using PHP and MySQL.
- Developed features for assignment reminding, resource tracking, and GPA tracking.
- Created an intuitive interface and made it mobile-friendly to enhance student productivity
- Hosted and deployed on Azure Cloud Services VPS handling over 20-40 concurrent users daily.

Quiz App

- Developed a trivia application integrated with the OpenTDB API using React.
- Created a responsive design for cross-device compatibility

CERTIFICATIONS

DevOps Foundations: The Core Principles and Practices

Microsoft Learning, Issued Feb 2025

Skills: DevOps, GitHub, Cloud Computing, Support Engineer

HTML and CSS in Depth

Meta, Issued Mar 2024

Skills: Cascading Style Sheets (CSS), Bootstrap, Responsive Web Design

React Basics

Meta, Issued Mar 2024

Skills: React.js, Front-End Web Development

VOLUNTEER AND EXTRACURRICULAR ACTIVITIES

Member, IEEE Rajarata University Branch

- Participated in tech workshops and seminars, contributing to event organization and promotion.
- Secured 3rd place in IEEE Xtreme 2024 within Rajarata University of Sri Lanka.

Vice President, ATiT (Association of Technology IT, RUSL)

Coordinator, Graphic Designer, and Animation Creator, FOT Media (Official Media Unit of Faculty of Technology RUSL)

- Designed posters, banners, and animations for university events using Adobe Photoshop, Illustrator, and After Effects.
- Coordinated media campaigns to promote faculty events, reaching over 1,000 students.

SOFT SKILLS

Teamwork and collaboration

Problem-solving and critical thinking

Time management and multitasking

Leadership and mentoring
